Universities: 201-300

QS World University Rankings: 290

National Taiwan University Ranking:
302

Sustainability Rankings

Since its founding almost 50 years ago, Griffith University has been a leader in environmentally sustainable and responsible practice. That proud history is now being recognised on the world stage through the University's inclusion in the 2022 Times Higher Education Impact Rankings.

The rankings assess universities against the UN's 17 Sustainable Development Goals (SDGs), with Griffith placing inside the global top 100 overall. We also ranked in the below specific SDGs:

- **Top 50**— SDG 16: Peace, Justice and Strong Institutions (#20) and SDG 3: Good Health and Well-being (#22)
- **Top 100**— SDG 11: Sustainable Cities and Communities (#54) and SDG 10: Reduced Inequalities (#99)
- **Top 101-200**— SDG 17: Partnerships for the Goals, SDG 13: Climate Action and SDG 4: Quality Education

Griffith has also been named as the only United Nations Millennium Campus in the country for 2022. It is the third year in a row the University has been given the honour and is one of only 200 universities chosen globally. The fellowship program focusses on the implementation of the UN SDGs, which is one of the priorities of Griffith and aligns strongly with our values.
